Copy of letter in pension file to James Edmondson, Spring Place Georgia, from Saratoga Spring, Franklin county Arkansas. /^{March 16, 1846.} Dear Sir: I had the pleasure of reading your letter to your brother in which you requested him to obtain what I know relative to the Revolutionary service of your uncle Arias Brown, This I know of a certainty that he was living with my father and enlisted for 3 years in the continental service. He went and was gone for that length of time and returned and after he came back he took another tour, for 3 months in the place of John Simmons, who was drafted. He went and was at the seige of York, after which he returned again.

This far as I recollect distinctly but nothing more of my own knowledge, after your many kind solicitations for me to come and live with you I have come to the determination if you will send your son John around for me this spring I will go and spend the balance of my days with you if I am able to get there and my health for the last 3 months has been out tolerable on account of my leg but I am better at this time.

Immediately on the receipt of this write and let me know if you can comply with this request that I may know how to wind my business up. I have nothing now at present but remain your affectionate father until death. signed
Thomas Edmondson
PS: Let me know if your aunt Joanna Brown is with you -
